# DH-HAP120
Hi-fidelity Pickup

Features

- Use high sensitivity, all directional microphone head and omnidirectional microphone, clear and natural sound;
- Lightning protection, power polarity transposition protection and electrostatic protection.
Technical Specifications

Model	DH-HAP120
General	
Scope	10~70 m^2
Sensitivity	-34±3 dB
Frequency Response	80Hz～16kHz
Directional Characteristic	Omni-directional
SNR (re 94dBSPL=1Pa@1kHz)	58dB
Dynamic Range	74dB
Max. Sustainable Sound Pressure	110dBSPL (1kHz, THD 1%)
Output Impedance	600Ω (non-equilibrium)
Output Signal Amplitude	2.5Vpp/88dBSPL
Microphone	Plated film capacitor microphone head
Working Voltage	DC 12V
Working Current	40mA
Working Temperature	-30℃~+70℃(-22℉~+158℉)
Material	Aluminum
Color	Silver
Dimension	Φ40mm×20mm (Φ1.57″×0.79″)
Weight	48g (0.11lb)
Certification	CE/FCC

Interface information

- RCA female connector
- DC Power connector

Dimensions (mm/inch)

Application scenarios

- It is suitable for such as electronic examination room, bank and guard room.

Package Information

- Hi-fidelity pickup *1
- M4 screw&anchor *3
- User manual *1
