# DH-HAP320
Hi-fidelity Pickup

Features

- Use high sensitivity, all directional microphone head and omnidirectional microphone, clear and natural sound;
- Ambient noise cancellation(ANC) technology;
- Built-in AGC automatic gain control circuit.
Technical Specifications

Model	DH-HAP320
General	
Scope	10-150 m^2
Sensitivity	-35±2dB
Frequency Response	20Hz～20kHz
Directional Characteristic	Omni-directional
SNR(re 94dBSPL=1Pa@1kHz)	65dB
Dynamic Range	86dB
Max. Sustainable Sound Pressure	115dBSPL (1kHz, THD 1%)
Output Impedance	100Ω (non-equilibrium)
Output Signal Amplitude	2.5Vpp/92dBSPL
Microphone	Plated film capacitor microphone head
Working Voltage	DC 12V
Working Current	60mA
Working Temperature	0°C～+50°C(32℉～+122℉)
Material	Metal
Color	White
Dimension	Φ80mm×20mm (Φ3.15″x0.79″)
Weight	170g (0.37lb)
Certification	CE/FCC

Interface information

- RCA female connector
- DC Power connector

Dimensions (mm/inch)

Ø80.0[3.15"]

20.0[0.79"]

Ø80.0[3.15"]

Ø50.0[1.97"]

## Application scenarios

- It is suitable for such as recorded broadcast classroom, meeting-recording, banks and courts.

Package Information

- Hi-fidelity pickup *1
- M4 screw&anchor *3
- User manual *1
